Declaration of Our Materials - General Information on REACH and RoHS

Dear Sir or Madam,

In response to your inquiry, we are pleased to provide you with the following updated statement.

RoHS Compliance

Directive 2011/65/EU (RoHS) and Delegated Directive (EU) 2015/863

All materials we supply comply with these regulations.

Trace elements such as Pb, Hg, and Cd cannot be completely excluded due to metallurgical (smelting) processes. However, analyses show values below 10 ppm. The materials are therefore considered free of hazardous substances, unless they have been specifically alloyed at the customer's request.

Chromium is present exclusively in metallic form (Cr0). Hexavalent chromium (Cr VI) is neither added nor formed.

REACH-Verordnung (EG) Nr. 1907/2006 – Aktualisierte SVHC-Erklärung

REACH Regulation (EC) No. 1907/2006 – Updated SVHC Declaration

This declaration refers to the REACH Regulation (EC) No. 1907/2006, as amended, and the Candidate List published and regularly updated by the European Chemicals Agency (ECHA).

We act as a downstream user and supplier of articles in accordance with Article 3(3) of the REACH Regulation.

In accordance with Article 33(1), we inform customers if the SVHC content exceeds 0.1% (w/w).

To the best of our current knowledge, our articles do not contain SVHCs exceeding 0.1% (w/w), unless otherwise stated below.

As of February 2026, the Candidate List contains 253 entries.

Declared SVHC Exemptions:

Products 1.1268QB, 1.0759EA, 1.1268EA:

Lead (Pb) – CAS 7439-92

Products 2.0401, 2.0771, 2.0790, 2.078, 9.0116, CuNi12Zn38Mn5Pb2, 1.0759, and 1.1268

Lead (Pb) – CAS Number: 7439-92-1, EC Number: 231-100-4)

Stainless steel with dry coatings may contain:

Disodium tetraborate – CAS 1303-96-4

SCIP & Waste Framework Directive

We comply with the reporting requirements under the SCIP database within the framework of Directive 2008/98/EC, where applicable.

No reporting is required

TSCA Section 6(h)

Our products do not contain restricted substances under TSCA Section 6(h).

Radioactivity

The materials comply with legal regulations and are free of artificial radioactivity.

Excluded Substances

Not contained in metallic materials:

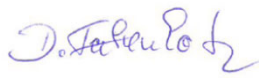

POPs, BPA, BPAF, phthalates, PAHs, PFAS, PFOS, PFOA, silicones, halogens, latex, animal-derived substances.

Nanoparticles

No engineered nanoparticles present

This declaration reflects the current state of knowledge and information provided by suppliers and may be updated as regulations evolve.

Sincerely,

A handwritten signature in blue ink, appearing to read 'D. J. ...', is positioned above the printed name.
