**28.04.2026**

Dear Sir or Madam,

We would like to provide the following updated statement in response to your inquiry.

## **RoHS Compliance**

Directive 2011/65/EU (RoHS) and Delegated Directive (EU) 2015/863

All materials supplied by us comply with these regulations.

Trace elements such as Pb, Hg, Cd cannot be fully excluded due to metallurgical processes.

However, analyses show levels below 10 ppm. Materials are therefore considered free of hazardous substances, unless intentionally alloyed per customer requirements.

Chromium is present only in metallic form (Cr0). Hexavalent chromium (Cr VI) is neither added nor formed.

## **REACH Regulation (EC) No. 1907/2006 – Updated SVHC Statement**

This statement refers to REACH Regulation (EC) No. 1907/2006, as amended, and the Candidate List published and regularly updated by the European Chemicals Agency (ECHA).

We act as downstream user and supplier of articles according to Article 3(3) REACH.

According to Article 33(1), we inform customers if SVHC >0.1% (w/w).

Based on current knowledge, our articles do not contain SVHC above 0.1% (w/w), unless stated below.

As of February 2026, the Candidate List contains 253 entries.

## **Declared SVHC Exceptions**

Articles 1.1268QB, 1.0759EA, 1.1268EA:

Lead (Pb) – CAS 7439-92-1

Stainless steel with dry lubricant coatings may contain:

Disodium tetraborate – CAS 1303-96-4

## **SCIP & Waste Framework Directive**

We comply with SCIP database notification obligations under Directive 2008/98/EC where applicable.

No notification is required if SVHC <0.1%.

## **TSCA Section 6(h)**

Our products do not contain restricted substances under TSCA Section 6(h).

## **Conflict Minerals**

Compliant with Regulation (EU) 2017/821 and Dodd-Frank Act Section 1502.

No intentional addition of 3TG elements.

## **Radioactivity**

Materials comply with regulations and are free from artificial radioactivity.

## **Substance Exclusions**

Not present in metallic materials:

POPs, BPA, BPAF, Phthalates, PAHs, PFAS, PFOS, PFOA, silicones, halogens, latex, animal-derived substances.

## **Nanoparticles**

No engineered nanoparticles present.

This statement reflects current knowledge and supplier information and may be updated as regulations evolve.

Best regards,

Zapp Precision Metals Sweden AB
